

VETERINARY MEDICINE

The Association of American Veterinary Medical Colleges website, www.aavmc.org, lists 28 accredited schools and colleges of veterinary medicine in the United States. The only one in Texas is Texas A&M University College of Veterinary Medicine in College Station. The information provided here focuses on this school, which admits mostly Texas residents. A compilation of admission requirements for all the colleges of veterinary medicine is given in the current edition (revised annually) of *Veterinary Medical School Admission Requirements in the U.S. and Canada*, published by Purdue University Press. Access their website at www.thepress.purdue.edu or call the distributor at 1-800-247-6553. This publication costs \$19.95 plus shipping.

Admission requirements as well as other information can also be obtained by contacting the individual veterinary colleges listed at the end of this section.

The minimal subject requirements for enrollment in the College of Veterinary Medicine at Texas A&M University are 56 semester hours of acceptable college or university credit including those listed below. Note: please be aware that these prerequisites can change. Check with your health professions advisor or the College of Veterinary Medicine at Texas A&M University at 1-800-874-9591 for any changes or additional requirements.

Specific Subject Requirements for Fall 2008 Entry to the Texas A&M University College of Veterinary Medicine

Speech Communication	<u>3</u>
Total	58

^a Courses as required for science majors.

In addition to the 58 semester hours required above, the applicant must complete a minimum of 12 additional hours of their choice.

Texas A&M University's College of Veterinary Medicine will award a B.S. degree in Veterinary Science after completion of one year of the professional curriculum. To be eligible for this degree, students must complete the core curriculum requirements for a baccalaureate degree at Texas A&M University.

Students may take the preprofessional courses at any accredited institution of higher education. However, the course must be equivalent in subject content and credits to its counterpart at Texas A&M University.

Texas A&M University uses two separate on-line application services and applicants must select the appropriate service depending upon their residency status. All Texas residents must apply through the Texas Medical and Dental Schools Application Service at www.utsystem.edu/tmdsas . All non-Texas resident applicants must apply through the Veterinary Medical Application Service (VMCAS). Their web address is www.vmcas.org . All applicants will be required to complete a Supplemental Application, found at www.cvm.tamu.edu/suppapp . The deadline for submitting a completed application, transcripts, and evaluations is October 1 of the year prior to that in which admission is sought. The applicant must request an official transcript to be sent from each college or university attended. In addition, each applicant must take the Graduate Record Exam (GRE) and must submit the scores directly to Texas A&M College of Veterinary Medicine.

Detailed selection procedures for Texas A & M University College of Veterinary Medicine can be found at www.cvm.tamu.edu/dcvm/admissions/selection.shtml .The professional curriculum in veterinary medicine is a four-year program. Enrollment in the first year class of the professional veterinary medical curriculum is limited by facilities to a definite number each year.
